## MAGAZINE FEATURE

### Concept Yachts: Dream Phenomenal!

Racing World, India's only horse racing magazine, now carries a lifestyle feature in association with IndiaYachtPage.com, dedicated to Boating in India. Their August-September'11 issue is out and features our article on Concept Yachts with Bugatti's Poseidon 180 & the RFF 135 by Porsche Design. Here is a glimpse of the article. The story will be posted on our website next month. For the complete article pick up a copy of Racing World today. For Boating Companies: Special offers on advertising in Racing World are available through IndiaYachtPage.com so contact us today... [Read More](#)

## BOAT SHOW

### Goa International Marine & Boat Expo 2011: Bookings Open

The Goa International Marine & Boat Expo 2011 (GIMBE) is not just a boat show in India, but also a world-class networking event where buyers and marine-driven suppliers connect and learn more about each other's requirements. The great location at Kala Academy in Panaji provides a jetty adjoining the exhibition ground for the water displays. The marine and boat expo attracts exhibitors from all over the globe. The show puts on a wide display of leisure boating products, yachts and luxury brands. The GIMBE 2011 is going to be held from 15th - 18th December and is in its... [Read More](#)

## MAGNIFICENT MARINAS

### Five Great Marinas Of The World

A marina is a dock or basin with moorings and supplies for yachts and small boats. Marinas offer boat storage, refueling, washing and repair facilities, stores and restaurants. It may also include ground facilities such as parking lots for vehicles and boat trailers. Some of the best marinas in the world are: 1) the St. Tropez Cote D'Azur (France); with a capacity for 800 moorings and situated in the heart of the village, the port of Saint-Tropez is one of the main ports of call for big yachts in the Mediterranean . It is one of the most expensive places to dock... [Read More](#)

## YACHT CHARTERS

### Flotillas: For The More Experienced Yacht Charterer

Flotilla sailing belongs to the category of Bareboat charters where a group of small sailing yachts, 28-35 feet long are rented together without crew. The yachts sail together accompanied by a leader-guide following a pre-arranged specific route. Guests can enjoy instruction and help from the crew aboard the lead yacht. Flotillas are generally safer and more social. The flotilla charter will generally have a skipper, hostess and mechanic aboard the lead charter boat. On a flotilla yacht charter you sail separately in your own chartered yacht, but meet up with the other... [Read More](#)

## WATER SPORTS

### Wind & Water Sports For The Adventure Junkie In You

A decade ago water skiing, surfing, and wake boarding were almost non-existent but with improvements in sports gear and safety measures, these wind and water sports are coming into demand. Such activities have transformed from being mere recreational activities to full time sports activities. Some of the wind and water sports that are increasingly gaining huge popularity throughout the world are as follows: Wake Boarding: It is a surface water sport which involves riding a wakeboard over the surface of a body of water. It was developed from a combination... [Read More](#)

## OTHER EVENTS

### JAAHAZ 2011: Toy Cruising With Model Yachts

Model yachting refers to the building of model yachts that are used for racing. Model yachts are not essentially only built for the purpose of competitive racing, the miniature model of the original vessel involves exquisite workmanship. They are intricately designed and displayed at many famous museums. Each and every rope, the pulley and other details are reproduced while making the model yacht. Model sailing yachts were the first to be used for racing in small water bodies. The intricate designs and the elaborate fittings hampered the flow of the boats and... [Read More](#)
